Experience

Professional Software Development Trainee | Qalam it Program

Full Stack Developer (MERN)

February 2026- July 2026

- Developed and** maintained 3+ full-stack web application modules using MongoDB, Express.js, React.js, and Node.js, improving application functionality and user experience.
- Implemented RESTful** APIs and optimized database queries, reducing response times by approximately 30%, and enhancing overall system performance.
- Collaborated** with a team of developers to deliver 3+ project features within deadlines, ensuring code quality through testing and version control using Git & GitHub.
- Resolved** 20+ frontend and backend issues through debugging and performance optimization, increasing application stability, and reducing user-reported errors.

Projects

E-Commerce Website (In Progress)

- Developing** a full-stack e-commerce application using **React, Node.js, Express.js, and MongoDB**.
- Building** responsive UI with Tailwind CSS.
- Implementing** authentication, product management, shopping cart, and order management.
- Creating** secure REST APIs and integrating MongoDB databases.

Teacher Student Management System

- Developed** a full-stack Teacher Student Management System where teachers can securely sign up, log in, add students, and manage student records through an intuitive dashboard.
- Implemented** email notification functionality and RESTful APIs using Node.js, Express.js, and MongoDB, automatically sending emails to newly added students while enabling teachers to view and manage student lists efficiently.

Smart Expense Tracker (Final Year Project)

- Developed the** backend of a Smart Expense Tracker using **Node.js, Express.js, and MongoDB**, implementing secure RESTful APIs for managing users and expense records.
- Designed** database schemas and integrated CRUD operations, enabling efficient expense tracking and reliable data storage while improving application performance.

Education

Government College University, University of Faisalabad

Bachelor of Computer Science

2021-2025

Certification

- Full Stack MERN Development Training - Qalam Program 2026
- Computer Foundation - Al-Fateh Institute 2018
